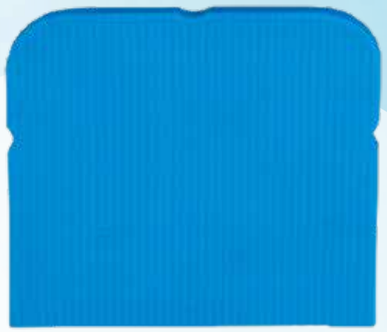
ACCESSORIES FOR PLASTIC BATHTUB



LT-A01

- Introducing the LT-A01 with a Movable Board accessory:
- The LT-A01 is designed for small pet bathing with a Movable Board located in the center of the tub.
- Customize your pet's bathing experience by choosing to have one or two boards in the tub, based on your needs.

LT-A04

- Available Accessories: LT-A04
- The LT-A04 comes with two available accessories: a shower head and a soap dish.

Installation Options:

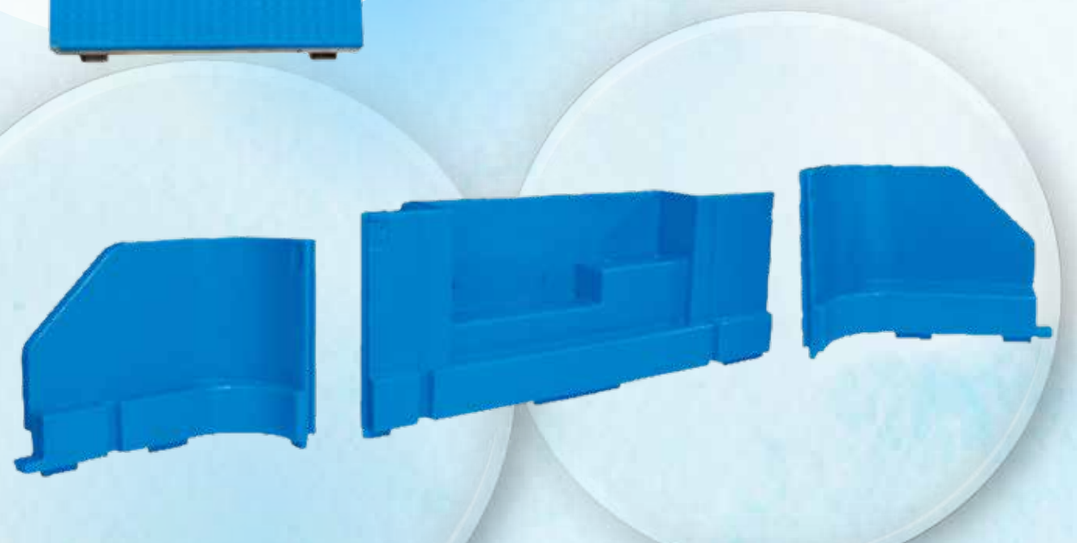
- Both the shower head and soap dish can be installed on the water protective board.
- Two additional 1-meter water input pipes are included to connect the LT-A04 with a water heater.

LT-A02

- Accessory available: The Ramp
- Designed with convenience in mind, the front door of the LT-A02 features a ramp for easy entry for medium to large sized pets. Pets can walk in and out without assistance from the groomer, with a maximum weight capacity of 75 kgs.

LT-A05

- LT-A05 has two available accessories: a pet dryer and a dryer stand.
- The dryer stand is installed on the left side of the protective board in a special position. When not in use, the stand can be upturned and fixed on the board, taking up no additional space. When needed, simply put the stand down and install the dryer.



LT-A03

- Product Accessory - Water Protective Board (LT-A03)
- This 3-sided protective board is included with the LTA03 to prevent water from spilling out of the tub. It can also serve as a convenient platform for the shower head, soap dish, pet dryer, and dryer stand.
